

Since we will be providing care for your little angel, we have a few questions and thoughts to consider. Feel free to visit our web site at [www.merrypopinnannies.com](http://www.merrypopinnannies.com) and we are always available to speak before the big day.

Child's name

Child's age

1. Has child been away from you before?
2. Has child taken a bottle before?
3. Can you take a minute or two and write down an "average" day's routine and favorite soothing techniques. ( AS a doula, nanny, and mom I know that this day will be anything but average for little ones traveling. But this way the nannies can try to help keep things the way you like it without you having to worry once your festivities begin.)
4. It would be great if you could sleep on a blanket or extra t-shirt of yours for a few days prior to the event. If you get it smelling like you, the nanny can place this over her shoulder while holding your baby. It can really help in soothing. Also if the baby likes to be soothed in a stroller or the car seat, please be prepared with these items for the nanny.
5. Any other special concerns/ allergies/ or special requests.
